

# Nipples and Adapters

(back row from left to right) AD275C40K7L175, N500, N700

N700 with mounting hardware

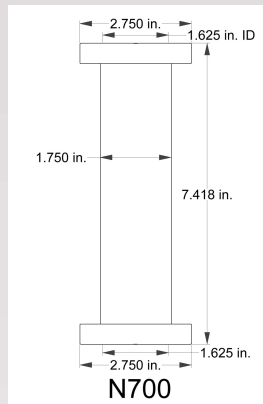

AD275C40K7L175 with mounting hardware

**Nipple Description:** Vacuum nipples reduce the insertion length of the Extorr RGA probe. All nipples are made from 304 stainless steel and have DN 40 CF, 2.75 inch ConFlat (CF) flanges at both ends. Nipples come in 7.50 inch OAL, 5.50 inch OAL, and 2.50 inch OAL options. Stainless steel mounting hardware and copper gaskets are included.

**Adapter Description:** Adapters reduce the insertion length of the Extorr RGA probe. All adapters are made from 304 stainless steel and have a DN 40 CF, 2.75 inch CF flange at one end and a DN 40 KF flange at the other end. Adapters come in 7.50 inch OAL and 2.50 inch OAL options. Stainless steel mounting hardware and copper gaskets are included.

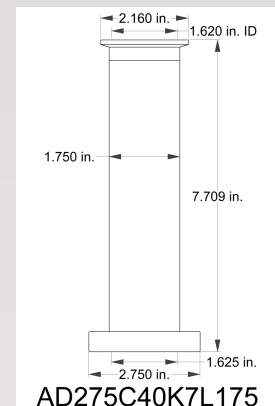

## Nipple Specifications

<b>Material</b>	304 stainless steel
<b>Flanges</b>	2.75 inch CF (DN 40 CF) non-rotatable
